TRADING STRATEGY

Trading Errors

THE CONSEQUENCES

If we think trading is easy and brings in quick profits, it follows that there IS...

- No need for trading education
- No need for a trading system that is proven to work
- No understanding of probability as it applies to trading
- No need or risk control
- No need for caution in position sizing

- The worng trade
- The worng Position Size
- The worng result
- Losses too big for account size

Trading Success

HOW YOU GET THERE

You can be a successful trader if you Follow this process!

- Learn how trading really works
- Learn how probabilities apply
- Find a trading system that 'works'
- Personally prove that it works -- for you
- Formulate a complete trading plan

- Start to trade your system with very small amount of capital
- Plan or how/when you will increase your trade size, as your capital grows
- Plan for how/when you will decrease your trade size, in case of losses
- Expect to take time to reach bigger profits
